About WIKTRANS

EN

WPPH WIKTRANS as a civil partnership is a long-standing family business.

Headquarter is located in Rudnik, the largest wickerwork's resort in Eastern Europe with more than 100-year old wickerwork tradition.

WIKTRANS engaged in the production and sale of wicker, hazel and wood products to foreign markets and the domestic market.

Initially our production was based on the products of wicker. As enlargement markets and developing cooperation with customers has contributed to wider interest in the pet and garden products.

We successfully cooperate with many European buyers, gradually increasing the company's turnover.

The company's goal is to provide customers with eco-friendly products of the highest quality at while maintaining respect for the environment. That is why our wicker products are subject to approvals of the National Artistic and Ethnographic Commission and the products of FSC® certified wood confirming the use of forest resources not contributing to their devastation.

DE

WPPH WIKTRANS als Zivilgesellschaft ist eine Familienfirma mit jahrzehntelangem Bestand. Der Standort der Firma befindet sich in Rudnik nad Sanem, dem größten Korbwarenenzentrum in Osteuropa mit über hundertjähriger Flechttradition.

Die Firma WIKTRANS ist als Fertigungswerk in der Fertigung und dem Vertrieb von Produkten aus Weide, Haselnuss und Holz tätig, mit denen sie den Inland- und Auslandsmarkt beliefert.

Anfangs basierte unsere Fertigung auf Produkten aus Weide. Erweiterung unserer Vertriebsmärkte und enge Zusammenarbeit mit unseren Kunden haben jedoch dazu beigetragen, dass sich unser Interesse immer mehr der Tier- und Gartenbranche zuwandte.

Heutzutage kooperieren wir erfolgreich mit vielen europäischen Abnahmeunternehmen in unserer Branche, wodurch unsere Umsatzquoten sukzessiv anwachsen.

Ziel unserer Firma ist es, unsere Kunden mit hochqualitativen Ökoprodukten bei gleichzeitiger Einhaltung aller Umweltschutzmassnahmen zu beliefern. Darauf ist es auch zurückzuführen, dass auf unsere Wiedenprodukte Zertifikate durch die Landeskunsthandwerks- und Ethnografiekommission ausgestellt wurden und dass unsere Holzprodukte FSC® zertifiziert sind was von uns als Bestätigung für die Nutzung von Waldressourcen ohne deren Beeinträchtigung angesehen wird.
